

Hope Fost has been with the National Hospice and Palliative Care Organization (NHPCO) for over 4 years, first as the Access Coordinator, focusing on a variety of programs including diversity and inclusion, veterans, pediatrics, and consumer resources, and later as the Regulatory and Quality Liaison. Recently Hope has procured the position of Quality and Project Management Specialist. Through her various roles at NHPCO she has consistently been the lead of NHPCO's pediatric initiatives and the staff liaison to the Pediatric Advisory Council, previously named ChiPPS.

Hope has a Bachelors of Science in Healthcare Management, with a Minor in Business from Towson University, as well as a Master's in Public Health from the University of New England.
