

Stacy F Orloff Ed. D., LCSW, ACHP-SW is the Vice President of Innovation and Community Health at Empath Health/Suncoast Hospice. She has been employed by Empath Health for thirty years. Stacy provides executive leadership to the quality and service excellence department, EPIC (a comprehensive HIV/AIDS service organization), all pediatric hospice and palliative care programs, and the outpatient community counseling center. Stacy is known for her longstanding expertise in pediatric hospice and palliative care. Her expertise in pediatric hospice and palliative care is particularly well noted in the state of Florida as she is regularly used as a consultant for programs within the state. Stacy has presented at many national conferences, is published in several peer reviewed journals, has authored or co-authored numerous book chapters, and has co-edited two books. Stacy holds a Masters in Social Work and a doctoral degree in Organizational Leadership. She is the chair of the South African partnership that joins Suncoast Hospice and HospiceWits in Soweto and Johannesburg, South Africa. Stacy has served on several national task forces through the National Hospice and Palliative Care Organization.
