

**Justin Nelson** is currently a Chaplain at Banner Del Webb Medical Center in Arizona. His career was prompted by the life and passing of his daughter, Moriah Nelson. Her rare diagnosis of CHARGE Syndrome introduced Justin into the beautiful and complex work of Palliative Care. Justin and his wife, Victoria, are advocates for family autonomy so that children of all abilities might flourish. In addition to Moriah, Justin is a father to Jadon (9), Olivia (7), and Shane (2). He holds a Master of Arts in Theology & Ministry from Fuller Theological Seminary.
