

Michele Herndon, MSN, RN, CPEN, TCRN, TNS has been a pediatric nurse since 2005. She currently works as a Trauma Program Manager at St. Louis Children's Hospital. Michele enjoys educating on pediatric trauma and injury prevention and has presented at local, regional, and national meetings including the annual meetings of the Society of Trauma Nurses and the Pediatric Trauma Society. Personally, Michele and her husband, Matt, have 3 children, including their oldest son, Mitchell, who died in 2019 at age 19 after a 7-year fight with an extremely rare disease. Michele's journey with Mitchell helped to shape her passion for supporting families during their journeys with rare diseases. She also sees the immense value in the collaboration between patients, families, and physicians, including palliative care, in assisting children with chronic diseases transition to adolescence and adulthood.
